Forecast fiscal year sales and earnings growth as the full fiscal-year contribution of price revisions offsets slow sales volume growth

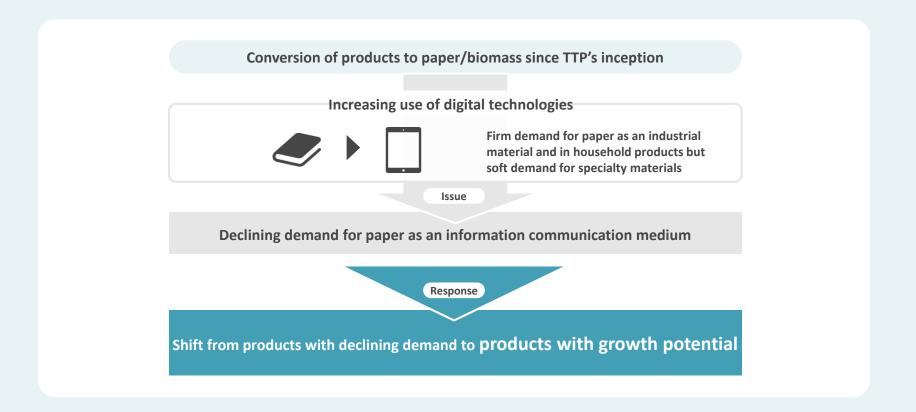

# Medium/Long-term Strategies of the Tokushu Tokai Paper Group

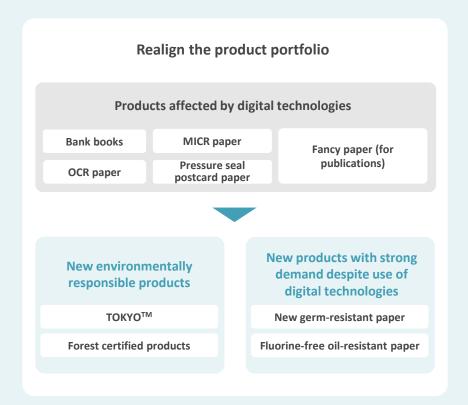

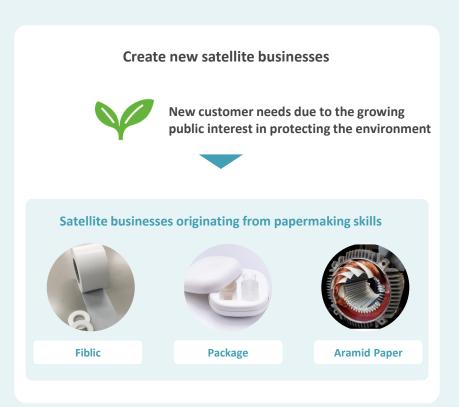

# Significant changes in the paper/pulp industry due to digital technologies

# In the paper business, realign the product portfolio and create new satellite businesses

# Higher profitability by consolidating manufacturing, realigning the product portfolio and revising prices

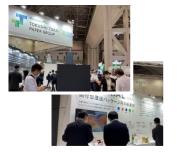

### **Price revisions**

 Price revisions resulting from continuous negotiations with customers were implemented in the first quarter

# New ideas and sales activities for sheet+3D molded products in the package business

### **Demands of end users**

### Trade fairs

**Create sales opportunities** 

216 interactions with end users in 1H FY3/24

### **New products**

Second group of generalpurpose products

- Silky mold cocoon EC sales started in June 2023
- Features a soft texture that is smooth and like a cocoon

**Example of applications** 

Package for "ink mazeru" (ink with an original blend) at Isetan Shinjuku Department Store (Sakai Co., Ltd.)

# R&D and market development using customer perspectives to create paper satellite businesses

I want a smaller food tray to reduce the volume of trash.

I want a paper remote control case, but can it be strong enough?

I want to reduce the amount of oil-based materials in packaging.

Wishes of end users

**Solve problems = Constantly create new satellite businesses** 

TTP technologies and knowledge not yet used to make products

Advancement
of the
recycling
business

Effective
use of TIP
forests

# Paper and the addition of new business domains will both be essential for growth

### **Environment Related Business Goals**

Fourth Medium-term Plan

Fifth Medium-term Plan

Sixth Medium-term Plan

Make this business a reportable segment

Addition of Suruga Service K.K. to the TTP Group

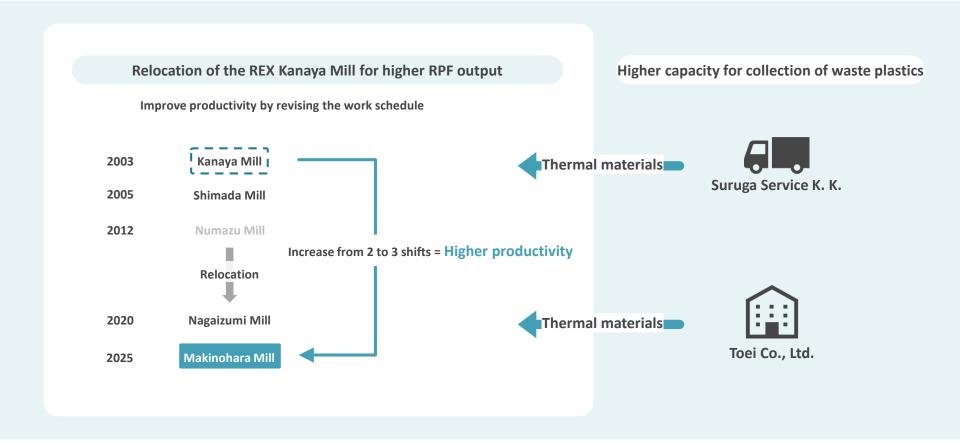

Start of the whisky business

Addition of Toei Co., Ltd. to the TTP Group

New business domains due to constantly taking on new challenges = Environment Related Business

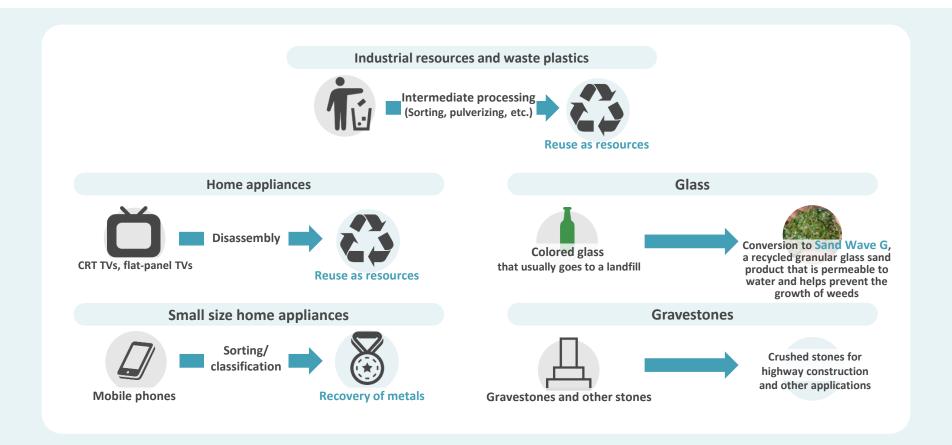

Use corporate resources originating from papermaking to target needs associated with the ongoing transition to a society where resources are recycled and reused

# More growth of the key thermal recycling business backed by a higher production capacity

# Acquired Suruga Service and Toei for growth of the recycling business

(2020) (2023)

# Toei operates many businesses with close ties to communities other than recycling.

### Aircraft business

Advanced skills involving sealing, a process that cannot be automated

- Provision of specialists to factories
- Sealing of fuel tanks for connection of the front and rear fuselage sections

### Water infrastructure maintenance business

Increasing demand for maintenance services for aging sewer systems

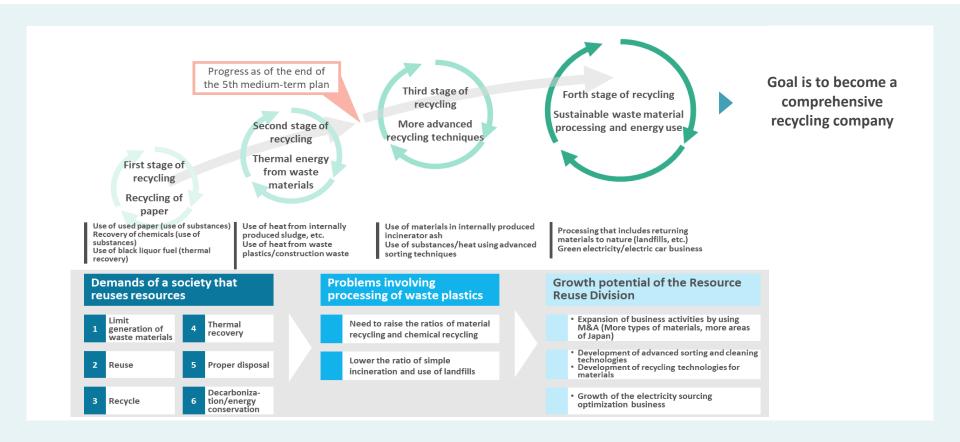

Repairs to sewer lines and cleaning/inspections of septic tanks Solar power generation business

Solar power facilities near TTP Group business sites

- Total output is currently about 2 megawatts
- All electricity is sold to external users

Newly acquired Toei will contribute to sales growth and is expected to become another profit center for the TTP Group

# Make the value of the Ikawa Forest accessible to the public

### Value as a wildlife habitat

■ The Ikawa Forest has been certified by the Japanese Ministry of the Environment as a **Nature Coexistence Site**, which is a location where private-sector and other activities are used to preserve biodiversity.

The certification ceremony

# Value for the absorption and fixation of CO2

■ Work is under way to determine the amount of CO2 absorbed by the Ikawa Forest that can be certified based on the forest J-Credit Scheme in FY3/24.

# Production of whisky by using the natural resources of the forest

As whisky distilling operations enter the third year in 2024, preparations are moving forward for the full-scale start of whisky sales

### **Branding**

■ Three types of newborn whisky were sold in 2023

The primary goal was to raise awareness of this whisky at bars in Tokyo and Shizuoka

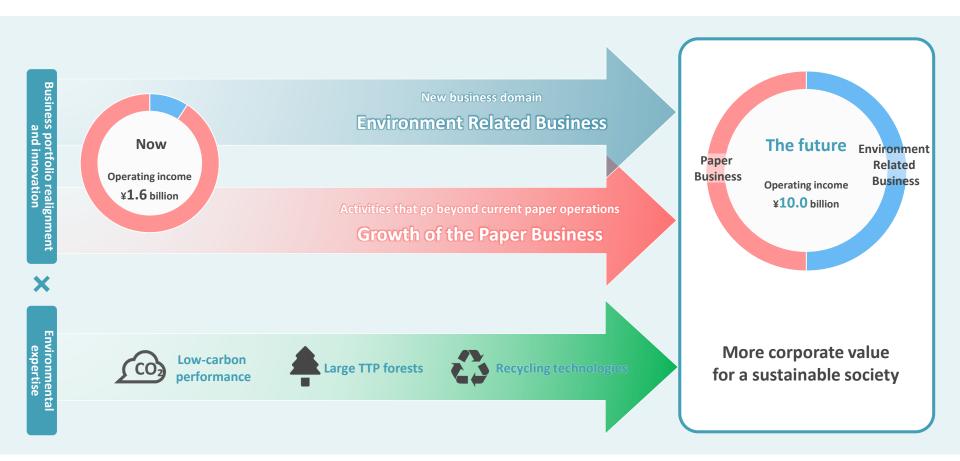

### **Expansion of the distillery**

 Preparing to enlarge the aging warehouse as production operations continue as planned

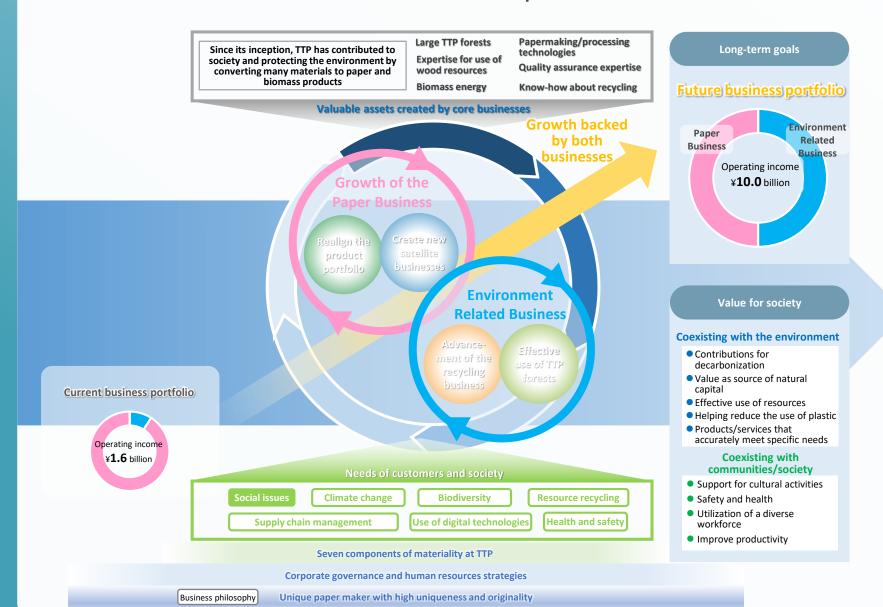

Business portfolio realignment and innovation to become a corporate group with an even greater commitment to sustainability

# Selections, challenges and innovations as the midway point to accomplishing long-term goals

## **Actions for Growth of Corporate Value**
